Dear Sir:

You may recall I wrote a letter To you, in June, concerning The Kennedy Assassinations.

I believe, now, That "Reactionary elements" in The Dallas-New Orleans or New Orleans-Dallas suburbs were The Organizing forces behind it! Also, I believe foreign elements are involved. A Queen no less!

Louisiana and Texas seem To have a very Conservative & influential "Pro-Imperial Great Britain," or Pro-Anglo-Saxon Racism-Rudyard Kipling Type," elements. Brattenic

It is well known That Her Majesty, Elizabeth II of England did not favor Senator John F. Kennedy becoming President. She did not want To have To rub shoulders with Any Irishman, At Banquets or State dinners,

No matter how Successfull or wealthy — "So distasteful you Know", Elizabeth's view of it, I'd say. This is why I believe Clay Shaw, who is Now The 'Darling' of the Dallas - New Orleans Anglo-Saxon "Establishment" Heroically Putting To flight That horrid Mr. Garrison, was involved, in some decisive Way, With Nov 22, 63.

Mr. Shaw Takes frequent Trips To London — Does he have a "Back entrance" To The Queens' boudoir? The Duke + Duchess of Windsor are around Houston, Texas also, A lot — maybe they Know, + lots of Things Irishmen + others don't Know about Nov 22, 63.

An Anglo - Saxon "Conspiracy" against a Catholic "Upstart"? Yes, I believe so. Protestants have traditionally used Drastic methods To fight off Catholic Bids for Power, in America + other Countries.

In The South, here, Today, Irish + other Catholics have little chance for Social or economic advance.

+ Pres. Kennedy met his fate in Protestant Dallas - not in Catholic centers like Boston, Chicago or N.Y.C. or New Orleans. (over)

Getting back to Elizabeth II, for a moment, her stuffy Prince Philip to the President's funeral was a poor attempt to hide a studied insult! Why didn't She come herself? Theodore Roosevelt went to her grandfather Edward's funeral in 1910, but with Transatlantic jet flights The Lady was pronouncedly absent! Prince Philip is a poor second to her, especially at State Funerals. At Churchill's funeral, in Jan, '65 she shined most magnificently!

Now These people of The Dallas-New Orleans (suburbs!) (Clay Shaw does live in N.O. ~~He's still a suburbanite~~ So what) They paid people to carry out The actual executions. I believe Sirhan Sirhan was bribed or paid to shoot Sen Robert F. Kennedy ~~by~~ by The Same People who had his brother killed. You can always get roughnecks, soldiers of fortune adventurers to do this Type of Thing. I don't believe The Mafia, or CIA, ~~its~~ groups had much, if any to do with it.

Sincerely yours, Richard J. Bruce
